

Technical Seminar on Design and Construction Issues Associated with Augercast Piles and Micropiles

Hosted by the Alabama Chapter of the GeoInstitute of ASCE

- Date:** Thursday, October 21, 2010
- Time:** 9 am to 4 pm
- Location:** AGC Office – 5000 Grantswood Road, Birmingham, AL
(Located off I-459 Near Exit 27-Grants Mill Road)
- Cost:** \$40 per person (includes lunch)
- PDH:** 6 hours (subject to State rules)

The Alabama Chapter of the GeoInstitute of ASCE will be hosting a technical seminar on October 21, 2010 at the AGC Alabama Headquarters in Birmingham. The seminar will be addressing design and construction related issues associated with augercast piles and micropiles. Instructors will be Kevin Bolton and Rupert Hon of Layne GeoConstruction addressing micropiles in the morning session, and Andres Baquerizo of HJ Foundation/A Keller Company addressing augercast piles in the afternoon session.

The seminar will begin at 9 am and will end about 4 pm. Lunch and breaks will be provided as a part of registration.

A registration form is attached. In order to accommodate facility space, registration will be limited to the first 75 people. In order to properly plan for and order food for the event, pre-registration with payment will be required by the close of business October 18th, and no “walk-up” registration will be allowed. We are not able to process on-line registrations or credit card payments at this time, so payment will need to be made by cash or check. As noted on the registration form, you may send a pdf version of the registration form via email, but payment will need to be received by October 18th to confirm your registration.

Technical Seminar on Design and Construction Issues Associated with Augercast Piles and Micropiles

Hosted by the Alabama Chapter of the GeoInstitute of ASCE

Thursday, October 21, 2010
9 am to 4 pm
