CAMPUS PLANNING

pedestrianized Thach Concourse, in 2012
A Campus Master Plan: FRAMEWORK that provides guidance on:

• How university land should be allocated, preserved, and reserved for specific purposes and uses
• How stakeholder needs will impact the allocation of university land
• What areas should we preserve as open space, greenways, natural areas, and circulation routes
• How much capacity we have for development and what infrastructure is needed to accommodate this
• How we do this in a sustainable manner
CAMPUS PLANNING

2002 Campus Master Plan

• First official Master Plan Approved by the Board of Trustees
• Subsequent Plans Set - 2007, 2013, 2023

✓ Pedestrianization of Campus
✓ Development of the South Quad Area
✓ Transit System Development
✓ Reintroduction of Parkerson Mill Creek as a Campus Asset
CAMPUS PLANNING

2007 Campus Master Plan

- Respect the landform
- Preserve water resources
- Maintain forests/habitats
- Circulation
  - Vehicular
  - Bicycle
  - Transit
- New compact districts
- Landscape structure
CAMPUS PLANNING

1967: Deans Katherine Cater and Jim Foy
2013 Campus Master Plan

- Heavily influenced by capital project needs
- Identified facility requirements and priorities for all Colleges and Schools
- Established a long-term facility development capacity
- Identified sites for future development
- Introduced the Landscape Master Plan (LMP)
The Landscape Master Plan (LMP) envisions restoring the landscape as the defining character of Auburn University.

The LMP Design Recommendations focuses on the campus corridor network and four prioritized focus areas were chosen for analysis. Together these spaces illustrate a representative sample of the various landscapes across campus.
